RECIPES

1929 PICNIC SANDWICH

Try to get away from ordinary picnic foods. Take a few of the old standbys of course, but always have something novel.
Vary the cheese and ham sandwiches with something lighter. Leave the hard-boiled eggs at home and take some fresh eggs to fry over your campfire embers. Here is a tasty sandwich for the next picnic:
Spread thin piece of bread with cold baked beans. Spread another slice with finely-minced, stuffed olives. Make a sandwich out of the two. Graham, rye, or even white bread will do.

BAKED SPRING DELICACY

2 large oranges
3 cups diced rhubarb
2 cups sugar
1/2 teaspoon mace
1/2 teaspoon cinnamon
12 whole cloves
Place all ingredients together in a casserole; used grated rind, juice and sliced pulp of oranges. Cover and bake until rhubarb is tender.

BOSTON CREAM PIE WITH ORANGE FILLING

1/2 cup butter
3/4 cups sugar
2 eggs
1 cup milk
2 cups flour
3 teaspoons baking powder
1/2 teaspoon salt
Cream butter and sugar; add eggs and beat until light and fluffy. Add milk and fold in flour sifted with baking powder and salt. Bake in deep cake pan in a moderate oven (375 degrees) 35 minutes. When ready to serve cut in halves crosswise and fill with a filling made as follows:
1/2 cup sugar

CAMP FIRE APPLES

Try this on your next picnic. Wrap a nice, juicy apple in some aromatic leaves like sassafras. Encase both leaves and apple in a layer of wet clay. Deposit the whole in the embers of your fire and leave them for about twenty-five minutes.
When you take it out, the clay will break away and you will have a deliciously-roasted apple, the juice of which has been retained by the leaves.

CANDIED ORANGE PEEL

Put peel from 8 oranges in cold water; heat to boiling point and cook gently until very tender. Drain; put in cold water, and when cold remove membrane and soft part. Roll 1 cup sugar and 1/2 cup water until syrup spins a thread; put in peel and cook gently until syrup is evaporated and peel looks clear. Drain on wire cake cooler and leave in open air until thoroughly dried.

MEAT A LA MARNE

Use freshly cooked or left-over veal, lamb or chicken. Mix with an equal amount of medium cream sauce (1 c. milk, 2 tbsps. butter, 2 tbsps. flour). On a deep platter make a border of mashed potato or boiled rice. Garnish the rice or potato border with butter, paprika and parsley, and pour the creamed meat inside.

THREE-IN-ON RECIPE

Lemon Gelatine
1 tablespoon granulated gelatine
2 tablespoons cold water
1 1/2 cups boiling water
1 cup sugar
Few grains salt
1/2 cup lemon juice
Soak gelatine in cold water 5 minutes, add boiling water, sugar, salt and lemon juice. Turn into cold molds and chill.
LEMON SPONGE
For lemon sponge, when jelly begins to stiffen, beat with egg beater until light and frothy.
LEMON SNOW
For Lemon Snow, add to lemon sponge the stiffly beaten whites of 2 eggs.

ECONOMICAL STRAWBERRY ICE CREAM

1 junket tablet
1 tablespoon cold water.
1 pint milk
1 cup sugar
1/2 pint cream
2 cups strawberry puree.

JELLY CHARLOTTE

1 package cherry or raspberry flavored gelatin.
1 cup boiling water.
1 cup cold water or fruit juice.
Sponge cake or cup cake.
Dissolve flavored gelatin in boiling water. Add cold water or fruit juice. Chill. Cut out center of sponge cake or cup cakes, leaving a hollow that will hold the gelatin. When gelatin is thickened, pour into cake. Chill until firm. Cover top with whipped cream just before serving. Part of the gelatin may be whipped with rotary egg beater until of consistency of whipped cream, and substituted for whipped cream.

FRUITY CREAM CUSTARD

4 oranges.
2 eggs.
1/2 cup sugar.
2 teaspoons flour.
1/2 teaspoon salt.
2 cups milk.
1/2 teaspoon vanilla.
5 tablespoons sugar.
Beat egg-yolks, add 1/2 cup sugar, flour and salt and mix thoroughly. Add milk and cook in double boiler until thick enough to coat spoon.
Cool, add vanilla and turn into serving dish containing peeled and sliced oranges. Beat egg-whites with 5 tablespoons sugar. Heap on top of custard and serve.

CRUSHED JUNKET TABLET

Crush junket tablet and dissolve in cold water. Add sugar to milk and warm until lukewarm—not hot. Add dissolved junket tablet; stir a second, pour into freezer can. Let stand until firm, pack in ice and salt, and freeze to a mush. Add cream whipped, strawberry puree and lemon juice. Prepare puree by crushing about one quart of strawberries and rubbing through sieve—adding sugar if necessary.

Rudolph Huber on World Cruise

Writes Vivid Letter from Japan

Rudolph Huber, 15-year-old son of Mr. and Mrs. Rudolph A. Huber of 1444 Post avenue, who is traveling around the world writes from Kyoto, Japan, an interesting letter about his experiences in the land of cherry blossoms.

Rudolph was fortunate enough to be in Japan during the great annual cherry blossom festival, which he describes as the most beautiful sight imaginable.
Displaying remarkable powers of observation in a lad so young Rudolph wrote:
"The people here live a primitive life. For instance, while we were taking a sightseeing tour, we saw men and women sitting on big pieces of rock and they had little ones on the big rock. They have crude hammers and break the rocks up in small pieces and get so much per foot. If they chop a lot they get a lot of money—to them; but I guess what they get if they work all day would not take them to one of our shows."
"We drove up into the mountains and saw that wonderful mountain Mt. Fujiyama. We saw the very top. We just happened to hit it right. Most who go up never see it at all because of fog. It sure was beautiful. One woman told us while we were in Tokio that she had never seen it in the whole 12 months she had been there."
Rudolph was staying at the Miyako Hotel when he wrote the letter. He described the Kyoto hospitality as extremely beautiful, being surrounded with cherry trees in blossom.

"The people of Japan," he said, "are practically the cleanest race

Query on Screen Grid Circuit

Invites Public to See Newest Radio Feature

With the arrival this season of the new screen grid circuit, the question naturally arises on the part of the radio public, "What does the screen grid circuit do that other circuits do not do?"
Harvel Guttenfelder of Harvel's, authorized dealer of Zenith which features this new circuit on the present 1929-30 models, answers the question by stating, "The screen grid circuit uses the new screen grid tube, known as the 224 or 324, a specially designed 2.5 volt A.C. screen grid amplifier."
"In performance, compared with ordinary amplifying tubes, this tube gives tremendous amplification of radio frequency without neutralization or distortion, performing also as a detector and a space charge amplifier. It provides a simultaneous increase of selectivity and sensitivity heretofore unattainable with tubes in previous use."
"Leading the field again," continued Mr. Guttenfelder, "the Zenith Radio corporation introduces the new screen grid circuit in its new models which now make their appearance as Zenith 15th Anniversary receivers, commemorating the first work done upon Zenith radio back in 1914. Not only does Zenith present the screen grid circuit but features it in conjunction with "automatic tuning," offering both this season at popular prices, now enabling everyone to afford and enjoy Zenith quality and performance."
"With the screen grid circuit, Zenith radio now attains performance ability and operating control beyond anything ever known heretofore in radio. With automatic tuning, Zenith is years in advance providing simplified tuning with "press the button, there's your station!"
"The new Zenith models, which have created more sensation than any before in Zenith history, are now on display at our salesrooms at 1618 Craven avenue. An invitation is extended every radio devotee of this district to enjoy a demonstration of Zenith performance and automatic tuning, either at our store or in their own home."
